THE TRUSTED LABORATORY BUILDERS SINCE 1992

Formerly known as Scientific Lab
(Makarpura, Vadodara)

Originally established as Scientific Lab, **Ergo Lab Solutions Pvt. Ltd.** has been a trusted name in laboratory solutions since 1992. We specialize in high-quality laboratory furniture and fume hoods, ensuring that our clients have the best tools and environments for their scientific work. With over 30 years of experience, we understand the unique needs of various industries, including healthcare, education, and pharmaceuticals. Our commitment to excellence means that we focus on providing durable and efficient products that meet the highest standards.

At **Ergo Lab Solution Pvt. Ltd.**, we aim to create functional and safe laboratory spaces tailored to our clients' requirements. Our range includes everything from customizable laboratory furniture to advanced fume hoods designed for optimal safety and performance. We believe in building strong relationships with our clients by delivering reliable solutions that enhance their operations. Whether you need a complete laboratory setup or specific furniture and fume hoods, we are here to help you achieve your goals with quality products and exceptional service.

Innovative Modular Lab Furniture Solutions for Modern Laboratories

Modula Lab Furniture

At **Ergo Lab Solutions Pvt. Ltd.**, we specialize in Modular Lab Furniture designed to enhance the functionality and efficiency of modern laboratories. Our modular furniture systems provide flexibility, durability, and ergonomic design, ensuring that your lab workspace is optimized for productivity & safety.

Our range of Modular Lab Furniture includes customizable options to meet the diverse needs of laboratory environments, whether you require robust workstations, secure storage, or specialized furniture. Explore our key products below.

Explore Our Full Range of Modular Lab Furniture

- Working Table
- Analytical Table
- Anti Vibration Table
- Apron Cabinet
- Sample Storage Cabinet
- Wall Storage Cabinet
- Laminar Air Flow Cabinet
- Safety Cabinet Lockers
- Chair and Stool
- Laboratory Trolleys
- Cupboards
- Change Over Bench
- Pass Box
- Glassware Drying Unit
- Electrical Outlets and LAN
- Lab Keyboard Drawers
- Lab Sink and Water Taps

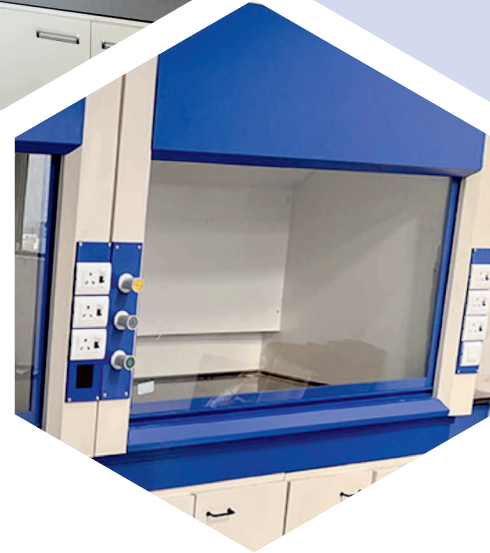

Fume Hoods

At **Ergo Lab Solutions Pvt. Ltd.**, our Fume Hoods are designed to provide maximum safety and efficiency for laboratories where air quality and contamination control are critical. Engineered to protect users from harmful gases, vapors, and fumes, our Fume Hoods are built with high-quality materials, ensuring reliability and compliance with stringent safety standards.

Key Features :

- Superior Airflow Management
- Durable and Robust Design
- Customizable Options
- Energy Efficiency

Advanced Fume Hoods for Laboratory Safety and Efficiency

Air Handling Unit

At **Ergo Lab Solution**, our Air Handling Units (AHUs) are designed to maintain optimal air quality and temperature control in laboratories and cleanrooms. These units play a vital role in filtering and regulating air, ensuring a sterile and contamination-free environment for critical operations. Our Air Handling Units are built with precision to meet the highest industry standards for cleanroom applications.

Key Features :

- Precise Temperature & Humidity Control
- Multi-Stage Filtration
- Low Noise Operation
- User-Friendly Controls

Air Handling Unit: Ensuring Clean & Controlled Airflow in Laboratories

Clean Room

At **Ergo Lab Solutions Pvt. Ltd.**, we specialize in providing advanced Clean Room Solutions that meet the highest standards of safety, contamination control, and efficiency. Our comprehensive range of cleanroom products ensures that every aspect of your controlled environment is designed for optimal performance, from construction to daily operation.

Clean Room Solutions Tailored for Precision & Contamination Control

Manufacturing Facilities

At **Ergo Lab Solutions Pvt. Ltd.**, our manufacturing facilities are equipped with advanced machinery to ensure top-quality products. We utilize a powder coating plant for durable finishes, a CNC punching machine for precision cutting, and a robotic bending machine for accurate shaping. Our welding shop provides strong joints, while the assembly section integrates components efficiently. With a commitment to innovation, we produce customized laboratory furniture and fume hoods that meet industry standards and our clients' specific needs.

- Powder Coating Plant
- CNC Punching Machine
- Robotic Bending Machine

Delivering Precision &
Quality for Every Lab, Every Time.
